

Taylor's Goal Sheet from My Good Day Plan:

To follow directions
when and how
they are given at school.

How does "following directions"
look in class?

Math:

- Show ALL my work – even when I don't want to!

P.E.:

- Use my key lock. Dress out on gym days.

Art:

- When the teacher makes a suggestion, I need to consider choosing a different topic that's more appropriate.

Writing:

- Do my work the way my teacher explains it.
- Stay on task until I'm done. Turn it in.

Life Science:

- Do my work without being silly.
- Do not doodle & stay focused.

Resource:

- Come in ready to work.
- Do what I'm told when I'm told.

Reading:

- Don't go off.
- Do my work carefully.

Civics:

- Pay attention in class.

What I need to do to get there:

- Write my homework in my agenda so I won't forget it.
- Write my heading: Name, date, subject on each page.
- Focus my brain on one thing at a time and just do it.
- No distractions!
